ROTARY FOREST EARTH DAY

Guelph Lake ROTARYforest

The Rotary Club of Guelph

Grand River Conservation Authority

Grand River Conservation Foundation

Saturday, April 25, 2020 9am–2pm

HELP PLANT A FOREST!

This is our last year of planting!

Bring your family and friends and join the Rotary Club of Guelph in the final year of planting the Rotary Forest at Guelph Lake Conservation Area. This last planting event coincides with the club's 100th anniversary year! Over the last 13 years, this 40-hectare forest has been realized.

- Learn how to plant a tree and help us plant 4,000 of them! Wear your boots. We supply shovels.
- Hop on the Biobus, UofG's rolling DNA laboratory.
- Meet some amazing animals.

Rain or shine.
Come for one hour, or stay for five!

FREE parking at Lakeside Church, 7654 Conservation Road, Guelph, with shuttle service to site.

Refreshments and food available for purchase.

Drinking water available.
Please bring your own container.
